## GEN. LOWE SPEAKER AT LIONS MEETING MONDAY EVENING

The Bethel Lions Club was privileged to have as their speaker Monday evening, Maj. Gen. Frank E. Lowe, Ret., of Harrison. Introduced by Dep. Dist. Gov. Samuel T. Smith of the Bethel Club, Gen. Lowe gave a most interesting and informative talk on Korean affairs since the armistice was effected there, including many little known facts about the controversial happenings during that "World War III." His stories and comments about former President Truman, General of the Army MacArthur, President Eisenhower, and many other prominent persons were especially interesting due to his close association with them, and brought out many unpublished facts which governed their actions in past years. He stressed many times the futility of attempting to fight a war with both arms and legs tied, and how this was the case in the Korean debacle.

His excellent speech and closing remarks that Communism and its loyal followers were the only stumbling blocks in the way of world peace today and for many years to come, and this issue would be settled sooner or later by "World War IV" in the Far East left much food for thought in the minds of his audience.

It was announced that the speaker for the next meeting will be Edward Langlois, publicity director for the Maine Maritime Academy at Castine.

Lion Stanley Davis has initiated a Big-Little Buck Club which will be open for membership until Nov. 1. Lion Earl Davis, Chairman of the Sight Conservation Committee, was appointed the Bethel Lions Club representative to the proposed Bethel Community Health Council. Several Lions will assist in planning and conducting the Halloween party for the school children.

People from this vicinity winning prizes at the Rumford Hospital fair last Thursday included Lawrence Lord, groceries; Joe Perry, utility cart and groceries; Mrs. Eva Perry, Christmas chest; Mrs. Hope Tibbels, 53 piece set of dishes; Mrs. Edith Rowe, all wool blanket; Dickie Paine, electronic radio set; Leona Lee Merrill, walking doll; Edward Chase of Locke Mills received an automatic percolator.

A family gathering met Sunday, Oct. 23, at the home of Mr. and Mrs. Ivan Morey at West Paris for dinner to celebrate the birthday of Mrs. Eva Keniston and grandson, David Keniston. Those present were Mr. and Mrs. Robert Keniston, Martha, Rebecca, Rachel, and David, Bethel; Mr. and Mrs. Raynor Littlefield, Mrs. Lillian Fiske of Locke Mills; Mr. and Mrs. Ivan Morey, Susan and Cindy, Mrs. Eva Keniston, West Paris.

The Eleanor Gordon Guild met Wednesday, Oct. 26, at the home of Mrs. Madeleine Gibbs, with Mrs. Beth Brown co-hostess. Mrs. Mary Paine led devotions. Mrs. Mary Angeline will represent the Guild at the Nov. 11 meeting of the Bazaar at which time further plans will be made for the Bethel Community Council. The following committee will work at the Methodist Church fair: Norma Buck, Mary Paine, Mary Angeline, Virginia Mundt, Florence Bailey. Mrs. Louise Lincoln received the mystery package, following the busy season of poleno was enjoyed.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

"This week we had a request to rebuild a bridge on a road that has had little use or repairs for a number of years. I believe the request was a reasonable one and the bridge has been rebuilt."

It makes us think about several other unused roads in outside sections of Town and in some cases pretty well grown up to bushes and trees.

We expect to offer for your consideration the closing of some of these unused roads in the very near future. It would seem to be a safe-guard to the Town to take some action on some of these roads.

O. T. Rozelle

## RUMFORD POINT-CORNER BRIDGE DEDICATED

Stuart F. Martin, Rumford selectman and Oxford County treasurer, was the principal speaker Sunday afternoon, at dedication ceremonies of the new \$400,000 three span bridge over the Androscoggin River between Rumford Point and Rumford Corner. Representative Lucie Cornier of Rumford also spoke.

The structure was dedicated officially as Martin Memorial Bridge, being named for the late John Martin, whose widow was on the speaker's platform. Fred I. Howard, Rumford town manager, was master of ceremonies.

Mr. Martin outlined the history of problems of crossing the river between Rumford Point and Rumford Corner since the charter was granted 136 years ago for a bridge over the Androscoggin. The first bridge completed in 1830 about 100 feet upstream from the new structure served until the "great freshet" on Jan. 28, 1833. Since that time until last year a ferry served in the summer and the ice crossing in the winter.

The Rumford Point Bridge Association was formed in 1933 to arouse interest in a bridge at this point, and later \$26,000 was raised by the town but State and County officials voted against matching funds. In 1951 the proposal was again deferred because of school construction. Only last year was the project finally approved and construction started.

## Economic Highlights . . . . .

### Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare

Much is being said about the agricultural situation. These days, farm income is about 30 per cent down from the towering peak reached during the Korean War. The Democratic high command hopes to make important political capital out of that next year, and Republican leaders have acknowledged that it is a problem to which they are giving intensive attention. The political war will be largely fought over the issue of high rigid farm price supports, as urged by the Democrats, versus the flexible support plan introduced by Secretary Benson and adopted by the Republican policy makers.

As with all political imbroglios, the oratory tends to generate more heat than light. So an objective look at the over-all agricultural picture is in order.

First of all, the basic economic structure on which the nation's farm structure rests certainly seems solid. Agricultural assets are estimated at \$163,000,000,000, including real estate, cash and investments, and other property. Farm debt, by contrast, is only about \$18,000,000,000. Reports from rural areas indicate that farmers are still buying machinery, automobiles, and other commodities on a big scale.

Over the years, the farmer's relative position has greatly improved. In 1915, according to a Nation's Business account, the average farmer made only 33 per cent of the income of the average non-farmer. By 1954 the ratio had risen to 54 per cent. It is still increasing. And, of course, farmers get additional benefits in the form of things that raise and consume themselves.

Coming down to the immediate present, Time Magazine has succinctly summed up and analyzed the farm problem. It cites facts and figures, some of which are gloomy. Yet, Time finds, the picture is not as bad as it is painted — and "the price and parity statutes do not tell the whole story."

### DEAR RIVER GRANGE

Dear River Grange met at their hall on Oct. 15. As this was "Booster Night," the regular business was de-emphasized. A public supper was served at 6:30 which brought in a nice sum toward the furnace fund. At 8 o'clock a fine program was opened, which consisted of music, readings, tableaux and reports of the year's work from different committees. It was most enjoyed by all. We had a nice crowd both to the supper and to the program and hope they will come again in the near future.

Dear River Grange met at their hall on Oct. 22, with WM George Stearns in the chair. The usual order of business was taken care of. Yearly reports were given by several of the officers. Election of officers followed like this: Master, Paul Wright; Overseer, Clayton Blake; Gatekeeper, Eva DeLozier; Lecturer, Peggy Blake; Treasurer, Lon Wright; Secretary, Ida Wright; Chaplain, Carrie Wright; Assistant Steward and Lady Assistant Steward, Mr. and Mrs. James Lassiter. The new furnace was doing a swell job. Next meeting will be Nov. 6, and there will be a speaker. He will show slides and tell of his trip up Lake Champlain into Canada. Better plan to come.

### THE LOW DOWN FROM HICKORY GROVE

We sing songs and talk and brag that this is the land of the free. And before people will further I add that such is not 100 per cent so, but even at that it is the world's grandest land, but also it could be even more grand. Now take the freedom to work. In 18 states there are eight to work laws, but in the remaining 30, what's cookin'. Freedom is not home in these 30 — you are not free to work, "except" in some of these 30 you can go to work for anybody who will hire you but for one month only. After one month you sign up with the union or you are out again — you have no choice. In other places, in these 30 "no freedom" states you sign up before you even go to work — you have no choice.

More people in states, other than the 18 with right-to-work laws, where you are free to join or not join, will need scrupulous the situation. Industry is going to scamper to where people may do as they choose. Governors are the culprits in some places; they need polish their crystal ball. What they imagine is a majority is likely to turn out as a tiny small minority. There are not as many votes behind the scales as it seems.

From Utah to Texas to Virginia — and in between — 18 states are showing their colors. Freedom grants. You work there if you choose — you need no knee or pay a due to anybody unless you choose. There is nowhere in these 18 states. Yours with the low down.

JO HERRA

One thing that is often overlooked is that farmer's incomes shot up much faster and farther than those of other groups during World War II and ensuing years. According to Time, the per capita jump was almost 300 per cent from 1939 through 1951, as compared with 175 per cent for non-farm incomes. Furthermore, Time says, "Historically, farm prices have plummeted at 50 per cent after a war; in the years since the Korea peak, the drop has been only 21 per cent." And the drop in per capita farm income has been much less — only five per cent — due to the fact that the farm population has heavily declined. To quote Time again: "Farmers who remain have bigger farms, run them more efficiently and are earning enough money to expand still more."

Time marshals some other gratifying facts and opinions, mostly from official governmental sources. Farm land prices are rising. So are farmers' assets, which now average about \$22,000 a family. And the Department of Agriculture predicts that farm prices have reached bottom, and that there will be little further decline this year.

As for the price support issue, no one knows what the ultimate solution will be. But one thing is sure — the cost to the taxpayers, a classification which includes farmers along with everyone else, is enormous. The government spent \$2,100,000,000, a new high, in supporting these prices in the last fiscal year alone. And the total expenditure in crop buying and loans has reached \$7,000,000,000.

### PIANIST OF NOTE TO GIVE CONCERT IN BETHEL

On November 19, a Saturday evening, the Bethel Music Appreciation Group and the Student Council of Gould Academy will bring to Bethel a pianist in their local Music Concert Series. It is the first time that a pianist of stature has been engaged to perform for us in Bethel. Many people in Bethel and surrounding communities have studied the piano at one time or another, or have children who are studying it now. While there are a few of those interested in the piano who have been able to play pieces written by the classic composers of the piano as Chopin and others, many have been satisfied to use the piano as a accompanying instrument for group singing or the playing of popular melodies arranged for piano. However, the opportunities to listen to a professionally trained pianist in person have become increasingly rare, and few people are aware of the total beauty that a piano can emanate when played by a professional performer. Radio, records and television have never been able to produce the same effect which a live performance can give you. This now has become increasingly understood, for after a few years of television, concerts are sold out in the larger cities, and tickets are only available by previous reservations, radio and television notwithstanding. It is good to have the model of professional piano playing before one's mind so that one can improve one's own playing, or have a criterion of comparison for the progress of one's children.

Our artist here is in his late thirties. His name is Michael J. Powell. He has studied the piano all his life, mostly under scholarship and with famous teachers. Next year, he will use his sabbatical year to embark on further studies under European masters of the piano in Europe. He has played with many symphony orchestras, is experienced in giving concerts and has had ample contact with non-professional audiences, just as ours. He is a specialist of the ingratiating music of the eighteenth century, such as that of Mozart and Haydn's. He also understands adolescents, having taught in the English Department in one of Boston's suburban high schools.

The concerts which are locally organized here in Bethel should not be confused with those of the Community Concert Association, a very worthwhile endeavor. However, the Community Concert Association events are managed in New York City, where the programs are printed and all the billing is done. Naturally it takes much more financial resources to pay for more New York City managed concerts. Actually, here in Bethel, we have had concerts of equal quality, and at times even better than those managed by the New York City office, and by avoiding the various managers, all of which have to

It might be said, that negotiations are being made to bring a musical comedy team to Bethel in the last of our Concert Series, probably in April. "Miss Edith R. Hastings, 1446 Jiroch Street, formerly girls' physical director at Muskegon Senior High School, is putting her experience as an archer to good advantage these days.

**MEN'S GYM CLASSES**

It will be impossible to have any more gym classes unless we can secure at least twenty members willing to make their donations of \$3.50 for the ten consecutive classes. (This will be just 35c per night rather than the usual 50c.) The \$3.50 to be paid on or before the Nov. 7th meeting of the classes. Members wishing to attend only once in awhile will have to be charged 60c per single night. Unless this can be done there will not be any more gym classes as far as we are concerned. Maybe somebody has a better idea (?) or wishes to take it upon himself to make arrangements from here on. We believe we have done our part to inform those interested.

On the meeting of October 31 we would like to have any one who is interested at all to be at the meeting to state their preferences as to the night to have it. Open nights are Monday, Wednesday or Thursday—this will enable us to find the night best suited to make it a better crowd. If you can come down by 7:15 p. m. to let us know (or let James Browne, Buster Robertson or Ronnie Kendall know before then) you don't have to stay around unless you want to. But come down at least a few minutes if you would like to have a men's gym class available in town.

Read I Thessalonians 1:1-10.  
No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared him. (John 1:18).

**BEFORE** World War II, a student at the Anglo-Chinese College in Poonchew, went with a teacher to attend the World Students' Federation meeting held in Manila. As their steamer was approaching the wharf, the student saw a certain man standing among those sent by the YMCA of Manila to welcome the students. The student said to his teacher, "That man standing there must be a Christian."

"How do you know?" asked the teacher.

"I see his kind face is like Christ's," the student answered. "God is invisible, for He is Spirit, etc."

But Jesus said to His disciples, "If ye had known me, ye should have known my father also;... he that hath seen me hath seen the Father." Christians who have the experience, and know the spirit of truth reveal Christ, the Brother, as Christ reveals God, the Father. Christians are spiritual artists. We picture Christ's character for others. Are we trying to be true artists?

**Prayer**  
Our heavenly Father, we thank Thee for Thy gift of Jesus Christ, who died on the cross for our sins. Help us to reveal Christ's love among our fellow men at home, in school, in church, and in society. In His name we ask it. Amen.

Pine Tree Patrol met at the Waldron home. We made plans for a Halloween Party. The following committees were appointed: Cheryl Douglass and Evelyn Mundt; Refreshments: Gertrude Smith and Elizabeth Waldron; Games, and all for Decorators. The party will be in the Waldron's cellar. We worked on our Seamsstress Badge. We learned our stitches—Respectfully submitted, Evelyn Mundt, Scribe.

Busy Beavers Patrol 5 met at their leaders, Faith and Bea Brown's. Julia Brown had made us a map for our bicycle hike. The map directed us to take Chapman St. to Main, to Church St., picking up Route 2 then on to Lovers Lane Road, where we decided to have our taste lunch, then we went on to the intersection on Route 5, Mill Hill and home. It was very cold but all dressed for it and had a grand time. We missed Carol and Evelyn. Our next meeting is at nearby. We are having our Halloween Party. —Julia Brown, scribe.

Brownie Troop 6 met with their leaders, Mary Paine and Sylvia Sloan. After a business meeting refreshments were served by Jane Lutton and then we painted the milk weed pods. Refreshment committee for next week will be Barbara and Christine. Sec., Norma Sloan.

Brownies Troop 7A. It seemed so nice Tuesday when all the girls in our troop and their leaders met at the home of Mrs. George Parsons for a Halloween party. The

Intermediate Girl Scouts of Patrol 4 had planned our party and served us delicious refreshments. We thank the girls and our leaders very much. We ended our party with our good nite circle and the singing of Taps. We will all meet at the Methodist Church Sunday and attend church in a group. This is in memory of Juliette Low, the founder of Girl Scouts in America.

Intermediate Girl Scout Patrol 4—At our meeting last week we had a surprise birthday party in honor of one of our leaders, Mrs. Bea Brown. She was presented with a birthday cake and a gift from the group. We had lots of fun helping with the Brownie Party. Decorating cookies is a very sweet job we find! Pop corn balls have been such a nice sweet and sticky "mess" that now we want a real old fashioned taffy pull! If you can give us any good taffy recipe, please, do as we need it!

Brownie Troop 1 met Tuesday afternoon after school for a Halloween party at Keniston's. Several Halloween games were played and prizes awarded including bobbing for apples and making a mask from a paper bag. Refreshments of older and doughnuts were enjoyed. Refreshment committee for the next meeting will be Daphne Davis and Sharon Coolidge. All Girl Scouts, Intermediate and Brownies will meet on Sunday at 10:45 to attend church in a body in memory of Juliette Low, the founder of Girl Scouting in the U. S. A.

The Fifth Grade Girl Scouts held their regular meeting, Tuesday, at Mrs. Douglass' with all members present. We all liked over to the airport and played games there. Sue and Judy served us cold drinks and apples. —Norman Kimball, reporter.

Our annual magazine sale came to a close last week. The high salesman was Sandra Mack, who sold \$30 worth of magazines; and closely followed by Shiela Heath, Betty Richardson, Myra Halme, and Henry Hertell. These, plus many more sales, brought the grand total to \$482.75. We would like to thank all of those who helped make this drive a success.

## GOULD ACADEMY

The Girls' Athletic Association will hold their annual fall party in William Bingham Gym on Saturday evening, Oct. 29. As has been customary in the past each class will present a skit based on a horror theme appropriate to Halloween time. The skits will be judged by a committee on the basis of originality and effect. The feature attraction will be a house of horrors which should provide a great deal of fun for everyone. Relay races and other stunts in which the various classes will compete one against the other will also be featured. Following the entertainment a program of general dancing and refreshments is planned.

On Saturday, Oct. 23, forty-five members of the Gould Future Homemakers of America met at the Home Economics Cottage to attend the football game as a group. After the game, the girls reassembled at the cottage for the initiation of new members. A buffet supper prepared by members concluded the afternoon's activities. The Gould JV Football Team met defeat at the hands of Bridgton High by a score of 19-0 in a game played on Alumni Field Monday afternoon.

Gould-Cheverus Game Cancelled

Due to the large number of injuries sustained by the Gould eleven in this season the game between Cheverus High of Portland and Gould Academy has been cancelled. The Huskies have been badly battered all year and have only four of the original starting line-up in playing condition. The squad at its best would be no match for the Portlanders who are considered one of the better clubs of the Portland area. For the sake of the remaining members of the squad, school authorities felt it unwise to send them against such odds.

St. Francis Takes Gould 27-6

The visiting St. Francis High eleven packed two much weight and speed for the Huskies here last Saturday and Gould dropped its fourth game of the season. Desjardine of the York County eleven broke loose for a 40 yard T. D. jaunt in the first period. A pass from Croteau to Flavin scored the extra point and the visitors led early in the game 7-0.

In the second period the Saints struck twice. Beaudoin, left half-back, got away for the longest run as he moved 45 yards to score. Croteau rushed the extra point.

Before the first half ended Croteau crashed over from the nine yard line and the visitors led 20-0 at half time.

Gould's only score came in the third period as Jim Murphy circled and for a 34 yard scoring play. This was the only period in which St. Francis failed to score. In the final stanza Beaudoin produced his second TD for the day as he bucked the final three yards through the Husky line.
